

## 11. Stuck On You

### Description

Invite the pupils to find a space in the playing area. Introduce a dice and invite the pupils to allocate a body part to each number. Suggested body parts may be right/left foot, bottom, tummy, back, etc. Pupils travel around the playing area keeping a safe distance apart. On a signal pupils are invited to freeze. The teacher rolls the dice and calls out the number. Pupils perform a balance using the relevant body parts.

### Equipment

- Dice

### Variations

- Change the method of travel each time the pupils move around.
- Introduce a second dice and allocate further body parts.
- Create multiple playing groups with a dice per group.
