Create Sound Walls

Adding a QR code image to any file will allow you to create something that can be heard or viewed away from the original performance / recording

It is easy to do and offers interesting uses

QR Stuff - Share

- This website allows a QR code to be added to any file – word doc, image, poster, video, sound-file etc

- Use the URL of the file you wish to share to create the QR code

How to create a sound "experience"

- To begin, the file you wish to share must be in or saved to an online format such as Google Drive, Dropbox, SoundCloud, YouTube etc Moxie
- Get URL / shareable link from the file you are going to share
- Go to qrstuff.com
- Copy the link into "2: website url"
- You can change the colour of the QR code by using the slider at 3.
- Download QR code
- The code image can then be copied to any poster, image etc to allow the viewer / listener to access the sound file.
