Teachers' Guide for 'The Hitch Hiker' by Roald Dahl

**Story Title:** The Hitchhiker by Roald Dahl  
**Duration:** 10-15 minutes at each station  
**Class:** 5th/6th Class  
**Grouping:** Same ability groups

**Overview of activities:** A total of five station teaching activities and ideas are presented here with a focus on group work, individual learning and ICT integration. Each station is designed to be a self-contained student-led activity and is categorised according to the strands and strand units of the English Curriculum. The curricular objective for each activity is also stated. This document is a guide to each station for the teacher. A booklet for students containing instructions and activities to be completed at each station accompanies this guide.

This unit of work may be spread out over two - three weeks depending on how you structure your English lessons and how much of the suggested material you wish to cover. Alternatively some of the material may be adapted to be used within whole class lessons or as part of a thematic unit of work on 'Transport'.

**Station Teaching Tips:**

- ✔️ If this is your first time implementing literacy stations within your class having a 'practice run' explaining what will happen at each station may be a worthwhile activity.
- ✔️ Use of a signal or sound such as a tambourine when time is up may be useful when alerting the children that they must move to the next station.

Flashcards of new vocabulary in the text are attached in a separate document. These may be used in a number of ways:

- When discussing completion of the tasks below.  
- As part of a word wall.  
- Vocabulary Games: Cut out flashcards. Choose 8 of the words. Write these words on the board. Invite 8 children to the top of the class. Stick the 8 corresponding flashcards to their backs. They must not see the words. Other children in the class must give clues as to what the words on their backs mean (without saying the word itself). When a child thinks that they know the word on their back they mark the corresponding word off the board. They then can check the word on their back to see if they were correct. Repeat for each of the flashcards.

Option 3 - Independent Reading and Self-Assessment using Audacity

Children in the class are given time at the computer using the microphone and recording software such as ‘Audacity’. (Audacity is an online recording application which can be downloaded for free). Encourage children to listen back to their reading and assess it. This also provides the teacher an opportunity to listen back to each child’s reading efficiently and at a time that is convenient.

*Tip! It’s a good idea to create a specific folder into which the children can save their reading files. This saves searching for files later on.
