

Curricular area Literacy

Lesson objective: Children would be enabled to create a book

The pupil is enabled to write a story for an audience.

Class level: 6th class.

App: 'Book Creator' app

Introduction:

Demonstrate the features of the app on the IWB.

Children will be given a opportunity to explore and to become familiar with features of the app before they approach the lesson.

Elicit themes for stories that will be suitable for the target audience.

Description of specific tablet activities

Pupils would first create a cover and then add pages for their book.

Pupils will learn how to customize the colour and design of their pages.

Pupils will use the Add text feature.

Pupils will use the Add a drawing feature.

Extension: Children may also use the camera app to take photos of the local school environment. They would have the option of adding these photos to the book.
