

Badminton Singles

21 points in each game

There are 3 games in a competition

Changing ends:

On the third game when a player reaches 11 points players change ends

The side that wins the game will be the first to serve in the next game

A point is won if the team gets the shuttlecock to land in the opponents' court

Interval

When a player gets to 11 points there is a 1-2 minute break

Serving:

Depending on the score will depend on where you serve from, if the server's score is...

- ♥ **Even** they will serve from the **right**
- ♥ **Odd** they will serve from the **left**

If server wins the point they will serve again but from the other service box

If the opponent wins the rally they become the new server and serve from the correct box depending on their score (odd/ even)

Badminton Doubles

21 points in each game

There are 3 games in a competition

The side that wins the game will be the first to serve in the next game

A point is won if the team gets the shuttlecock to land in the opponents' court

Changing ends

On the third game when a player reaches 11 points players change ends

Interval

When a player gets to 11 points there is a 1-2 minute break

Serving:

Even serve from the **right**

Odd serve from the **left**

If server wins the point they serve again but from other service box

If opposition win the point they become **NEW** server and serve from correct box depending on their score (odd/ even)

Players only change service box when they win a point on **their serve**
