

Letter formation Practice Sheets

These pages provide practice of lower case letter formation using a standard pre-cursive font taught in many schools.

Tracing dots are provided with starting dots and directional arrows

The letters are grouped into 4 letter families:

- Curly caterpillar letters: these all start as a letter c
- Long ladder letters: these all have a long downward line
- One armed robot letters: these all start like a letter r (note: some are taller and some longer/go under the line)
- Zig zag letters: these have straight lines that go on the diagonal

Most lower case letters are formed without lifting the writing tool off the page except for: f i t j x
