

The Story of Water-Maintaining Supply (video 4)

Q.1 The Shannon and the Liffey rivers supply much of the water in Ireland. Use your atlas to find out which counties and provinces each river flows through, from *source* (where it begins), to *mouth* (where it meets the sea).

The Shannon:

Counties	
Provinces	

The Liffey:

Counties	
Provinces	

Q. 2 Use your atlas to identify five other main rivers in Ireland. In which county is their source?

River	Source county
