Activity 1: Tree Journal

My Tree Observations

Draw your tree

Observe your tree for a while, what else can you notice?

Write about your tree

Measure
- Estimate the height of your tree
- Can you calculate the age of your tree using a piece of string?

Shape and Space
- Can you find a leaf that is symmetrical?
- What do you notice about the leaves on your tree?

Science
- What observations can you make about the tree?
- Does the shape of the tree/leaves matter?
- How will your tree change over time? What do you notice?

Early Mathematical Activities
- Can you collect some leaves and sort them by size?
- Can you sort them in a different way?

Skills
- Observation   - Recording
- Classifying   - Communicating and Expressing
