INTRODUCTION/RÉAMHRÁ

Children's Books Ireland is frequently asked by teachers and librarians to recommend class novels for students of all ages, and it has long been an ambition of ours to give due consideration to the supports needed to reinvigorate how children in primary and secondary school engage with books and reading. Our ultimate aim is for students to find books that will delight, entertain and connect with them, and for teachers and librarians to feel supported and to have useful resources to draw from. We want students all over the island to feel excited about reading, to pick up a book or have it read to them and to say 'This book is class!' Hence the title – we have selected books that we think are class reads for classrooms.

In developing Class Reads we consulted with teachers at primary and secondary level in the Republic of Ireland and Northern Ireland. The package we designed following this process includes recommended reading lists focusing on great class novels, broken down by class groupings, including texts in English and Irish and highlighting excellent artists including many from the island of Ireland. Each list includes reviews of twenty-four books, four of which have been selected as the subject of a detailed resource guide including suggested ways to interact with the novels. Being conscious of budget and real ways of working, these guides will also give you the tools to facilitate high quality creative engagement with *any* work of children's literature. These downloadable, printable packs are supported by five short videos featuring authors and illustrators from all over the island of Ireland, some directed at the adults who influence children's reading and others speaking directly to children and young people in classrooms and giving them creative activities to help them engage with any book they have to hand.

The objective of Class Reads is to inform and support teachers and librarians, to build knowledge of excellent children's literature and to bring some of the best voices in Irish writing into the classroom through both the recommended texts and activities and the video pieces. So much is asked of teachers across all areas of the curriculum, as well as extracurricular activities; Class Reads will help to showcase appropriate texts that are excellent, diverse and contemporary and that will spark students' imaginations in the classroom. The resource guide will build confidence to bring literature into the classroom in new and exciting ways by giving you fresh tools to play with and opening the door to a wealth of wonderful literature that can excite and draw in young readers, giving them not just space to learn to read, or to engage with English as an examinable subject, but also access to a rich artform through poetry, prose and illustration.

We welcome your feedback on Class Reads – if you have suggestions for how we might improve future iterations or books that have worked well in your classroom or want to let us know how these resources have impacted on your teaching practice, please get in touch by emailing us at info@childrensbooksireland.ie

GENERAL ACTIVITIES

- Read the book aloud, and do voices for each of the characters. How does this change your experience of the story, if at all?
- Have a look at some other picturebooks by the author or illustrator. Note the similarities and differences.
- Describe the book in three words, and give it a star rating.
- Draw an alternative cover for the book, and change the title if you wish.
- Draw a picture of something that was said in the text but not illustrated.
- Think of an alternative ending for the book.
- Can you create your own picture using the same media, technique and/or style as the illustrator?

TIPS FOR READING ALOUD

It can be daunting reading a book to young children if you haven't done it before or if it is with a new group. We have gathered a few tips to help you. The main thing is to take your time, take a deep breath ... and go for it!

You Are the Voice!

Don't be afraid to act out the story: use different voices for the different characters, shout, whisper, put on accents. Feel free to sing the words on the page or to make them up as you go. The livelier the better. And don't be shy: the audience is already on your side!

Make a Guess

As you read a story, ask the children questions about what they think will happen next. You will be amazed by their answers, whether they get it right or invent something entirely different! Congratulate them either way and find out together if they were correct.

Read the Pictures Too

Work little breaks into your reading – before you start reading the text on a new page, before turning to the next page and also within each page. Look, point at and talk about the pictures together. Sometimes they say more than the words; sometimes they say something else entirely!

Stop

Try stopping reading at a crucial moment – pretend the suspense is too much or the twists too exciting or that you're too scared to turn the page ... Make the kids make you go on.

DIY

If you find the book's text too long, too complicated or too boring, make it up! Pre-readers are unlikely to point out that your words don't match those on the page, and they'll enjoy the book a lot more if you enjoy it too!

Join the Dots

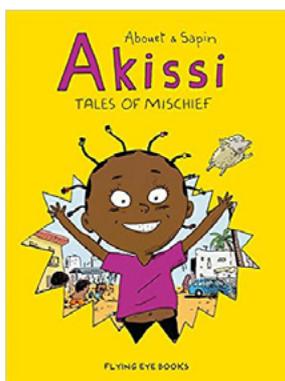

As you read together, make connections between what's in the book and what's outside, and encourage the children to do the same. 'There's a cat, like my own cat, only this one is black ...' 'Look, this baby has a red car just like you ...' This is a great way to build up vocabulary, attention to detail and pattern recognition (what's the same, what's different).

We Like to Move It, Move It

Storytime doesn't have to be about sitting around. Model all the actions happening in the book: jump like bunnies, prowl like lions, stand tall like trees, walk the plank like doomed pirates. It's fun and a great way to develop gross motor skills and balance. For a quieter version, why not use yoga poses as you tell the story? Stories with animals work best for this and story time becomes relaxation time.

How to Encourage Engagement with the Book

- Connect the book to the children's own life experience. 'This book reminds me of all the birds I see in the sky. Can you see any out the window?' 'What is your favourite bird?' 'Can you name any birds for me?' 'Have you seen any exotic birds at the zoo?' and so on.
- Connect the book to other books they might have read, TV shows they might have seen, toys they have with them and so on. You could use topical books, or books that match the season or relevant festivals.
- Connect the book to thoughts, memories or feelings: 'This story helps me when I am feeling a bit lonely/scared.' 'This is my favourite story when I want to laugh.' 'When I was little my brother used to read this to me.'

A SEA OF STORIES

STRIPES 2019 (HBK) 96PP £7.99 ISBN 9781788950817

SUMMARY

Whenever Roo visits Grandpa, she loves exploring the seaside cove near his cottage. But on her latest stay, Grandpa explains that he can't go down there any more – the path is too steep and overgrown for him to manage. Instead, Grandpa tells Roo the stories behind the many objects that fill his house. All of Grandpa's stories feature the cove and Roo realises that now, even though they're so close to the sea, Grandpa is cut off from it. Is there anything she can do to bring Grandpa to the place he loves the most? An inspiring tale with a range of simple, charming stories accompanied by full-colour illustrations.

ISBN 9781406368413

SUMMARY

Using an invented bug language, Carson tells the story of a growing plant shoot and the tiny insect world that revolves around it. Initially baffled by the unfurling sprout, the creatures soon gather to build a tree fort. Yet, nature's cruelties ensure some dramatic twists and turns in this tragicomedy of the natural world. The playful dialogue and subtle visual changes from page to page will have readers poring over the pages of this exquisitely detailed and sophisticated picturebook.

ACTIVITIES

- Read some of the speech-bubble exchanges aloud in pairs, putting on voices for Dave and Skipper.
- Rename each of the chapter titles in the book.
- Choose part of the story for Dave to interrupt with a comment, and draw a picture of him with an accompanying speech bubble.
- Choose part of the story for Skipper to add a comment that Dave can't hear, and draw a picture of him with an accompanying speech bubble.
- Choose a part of the story that wasn't illustrated, and illustrate it yourself.
- Turn one of the scenes into a comic strip.
- Write a scene from Dave's point of view.
- Draw an argument between two animals using speech bubbles, like the exchange on page 9.
- Narrate and/or illustrate one of the pigeons' famous croissant heists.
- Come up with your own bird legend, and narrate it from the perspective of a bird trying to inspire their friends.
- Illustrate a scene in which Dave has gotten himself into a pickle.
- Write or say your own phrases as if they were being uttered by Dave in the jar and see if your classmate can decipher them.
- Design the perfect home for a pigeon, with the 'full works'. Invent some special items suitable for 'pigeons' similar to the 'super swing' and make advertisements for them.
- Plan a feast fit for pigeon royalty. Draw a banquet table full of delicious treats.
- Come up with some of your own puns and jokes on birds and pigeons.
- Dave mistakenly interprets the saying as 'Cross my heart and hope to fly, stick a peanut in my eye'. Rewrite your own famous saying as if you misheard it.
- Think of an alternative ending for the book that doesn't involve a cliffhanger.
